Re: Modifications-Four Million Gallon Process Pond-3, Kennecott Barneys Canyon Mine ,
M/035/009, Salt Lake County, Utah

Dear Mr. Kerstiens:

It has recently come to our attention that the Department of Environmental Quality, Division of Water Quality has approved new (or modified) plans for a four-million gallon process pond at the Barneys Canyon Mine. Because this may be considered an amendment to the approved mining and reclamation plan on file with this Division, we request copies of these plans to update your mine plan. In the future, would you please provide us with copies of any proposed modifications to the mine plan.

Thank you for your attention to this matter. If you have any questions regarding this matter, please contact me at (801) 538-5340.

Sincerely,

607 Tom Munson
Senior Reclamation Specialist
